PEORIA MINING NEWS.

PEORIA, I. T., June 25, '90. There being some complaint about the Seneca and Baxter Springs newspapers not giving any account worthy of note of this camp I will from now on endeavor to report in full for the News each week.

Having had no opportunity to visit the different prospect holes I am unable at this time to give an itemized re-port of each, but will say that every shaft which has been started has the ing. If less space was taken up with appearance of being a paying one ere long. The company let a contract to drift into a bluff on the north side of news these papers would be in far Warren's branch, but have decided to go down intend of in and have let a people who take a county-seat paper contract to go down 50 feet in the do so for the county news and not to mouth of the drift.

Galena when it started in 1877. It has been said in Baxter Springs This magnificent burlesque will be that the specimens brought there by specimens were taken from the drift on the north side of Warren's branch and I saw many of them taken out, breaking some of them out of the rock myself. There are men here who will make affidavit to such and who are able and who will back up any assertion in regard to the mines they make. Remaining in the post-office at Bax-
